Explanation of Your Association Insurance

Effective: 4/15/2026 - 4/15/2027

Property Coverage

The master insurance policy for Player's Place II Condominium Association Inc provides coverage for the building, including components such as flooring, cabinets, drywall, etc. within the individual units that were initially installed by the builder prior to the original sale of the unit, assuming a covered cause of loss. All improvements and betterments completed after the original sale of the unit are not covered on the Association master insurance policy.

The Association master insurance policy will not respond with coverage until the damage exceeds the deductible. Each unit owner is responsible for this deductible. The Association's master insurance policy contains a \$10,000 deductible which is applicable on a per-unit basis for ice damming, water damage, sprinkler leakage and sewer backup and on a per-occurrence basis for all other covered perils.

Homeowner's Insurance

The kind of coverage you, as a homeowner, need to purchase is called an HO-6 Condominium Owner's policy. This type of policy will provide most of the coverage you need to buy on your individual home to properly dovetail the Association's master policy. Your HO-6 policy should provide coverage for:

- **The Association's Master Insurance Policy Deductible:** With some HO-6 insurance companies, you may need to specify that you want to cover the Association's deductible. Failing to specify might mean your unit owner's insurance policy (HO-6) may not be set up to cover the Association's deductible. We recommend getting something in writing from your HO-6 agent stating that your HO-6 policy will cover the Association's deductible should you be held responsible for it.
- **Real Property:** Coverage for improvements and betterments made to your unit after the original sale of the unit, whether made by you or a previous owner.
- **Personal Property Coverage:** Covers your contents and personal belongings.
- **Loss Assessment Coverage:** Protects you in the event a special assessment is imposed by the Association because the Master policy limits were exceeded.
- **Loss of Use:** Covers the cost you incur to live elsewhere when a covered loss renders your unit uninhabitable.
- **Personal Liability Protection:** Provides liability protection for you personally against claims from third parties alleging bodily injury or property damage.
- **Sewer/Sump Back-up coverage:** This coverage is not automatically included on HO-6 policies and may require a special endorsement. The Master policy coverage for sump could be very limited. Please err on the side of caution when deciding on appropriate limits of coverage for building components on or near a sump system.

We also suggest a written inventory with photographs of all your property, building, and contents, to help you document your loss under either the HO-6 or Association policy. We encourage you and your insurance agent to call if you have any questions.

Additionally, Renters and Investor owners also need to purchase insurance coverage as well. Both need to protect their liability exposure and need coverage for loss to personal property. Renters should carry HO-4 (renters) policies and Investors should contact their brokers for how best to protect their investment property. Investor owners should require their tenants purchase an HO-4 (renters) policy.

Please call our office if we can be of further assistance. We look forward to being of service to you and Player's Place II Condominium Association Inc.

Thank you,
